

The Lebanese Republic

**The Green Agri-Food Transformation for Economic
Recovery (GATE) Project
(P180334)**

**UPDATED
ENVIRONMENTAL AND SOCIAL
COMMITMENT PLAN (ESCP)**

February 24, 2026

Green Agri-food Transformation for Economic Recovery (GATE) (P180334)
ENVIRONMENTAL AND SOCIAL COMMITMENT PLAN

1. The Lebanese Republic (Recipient) will implement the “Green Agri-food transformation for economic recovery (GATE) (P180334) Project” (the Project), with the involvement of the Council for Development and Reconstruction (CDR), the Ministry of Agriculture (MoA) Green Plan (GP), the Ministry of Environment (MoE), the Ministry of Economy and Trade (MoET), and Kafalat, as set out in the Loan Agreement. The International Bank for Reconstruction and Development (the Bank) has agreed to provide financing for the Project, as set out in the referred agreement.
2. The Recipient shall ensure that the Project is carried out in accordance with the Environmental and Social Standards (ESSs) and this Environmental and Social Commitment Plan (ESCP), in a manner acceptable to the Bank. The ESCP is a part of the Loan Agreement. Unless otherwise defined in this ESCP, capitalized terms used in this ESCP have the meanings ascribed to them in the referred agreement.
3. Without limitation to the foregoing, this ESCP sets out material measures and actions that the Recipient shall carry out or cause to be carried out, including, as applicable, the timeframes of the actions and measures, institutional, staffing, training, monitoring and reporting arrangements, and grievance management. The ESCP also sets out the environmental and social (E&S) instruments that shall be adopted and implemented under the Project, all of which shall be subject to prior consultation and disclosure, consistent with the ESS, and in form and substance, and in a manner acceptable to the Bank. Once adopted, said E&S instruments may be revised from time to time with prior written agreement by the Bank.
4. As agreed by the Bank and the Recipient, this ESCP will be revised from time to time if necessary, during Project implementation, to reflect adaptive management of Project changes and unforeseen circumstances or in response to Project performance. In such circumstances, the Recipient, through CDR, and the Bank agree to update the ESCP to reflect these changes through an exchange of letters signed between the Bank and the CDR Director. The CDR shall promptly disclose the updated ESCP.

MATERIAL MEASURES AND ACTIONS		TIMEFRAME	RESPONSIBLE ENTITY
MONITORING AND REPORTING			
A	<p>REGULAR REPORTING</p> <p>PCU Prepare and submit to the Bank regular monitoring reports on environmental, social, health and safety (ESHS) performance of the Project and sub-projects, including but not limited to the implementation of the ESCP, status of preparation and implementation of E&S instruments required under the ESCP, stakeholder engagement activities, and functioning of the grievance mechanism, including but not limited to grievance logs from workers and communities, overall E&S performance of the project, compliance to ESSs during implementation of project activities, project-related accidents and implementation plans for the project activities in the subsequent quarter.</p>	<p>Starting from the Effective Date, reporting every quarter throughout the Project implementation. Reports to be sent within 30 days after the reporting period ends.</p>	<p>CDR PCU</p>
B	<p>INCIDENTS AND ACCIDENTS</p> <p>Promptly notify the Bank of any incident or accident related to the Project which has, or is likely to have, a significant adverse effect on the environment, the affected communities, the public, or workers, including but not limited to:</p> <ul style="list-style-type: none"> • Occupational Health and Safety Issues. • Major contamination of the environment. • Major impacts on ecosystem services. • Outbreak of life-threatening communicable disease • GBV, exploitation, discrimination, unresolved grievances. • Civil unrest, criminal and political attacks at worksites. • Forced labor and/or child labor by the project contractor. • Project security personnel conflict with local communities. <p>Provide sufficient detail regarding the scope, severity, and possible causes of the incident or accident, indicating immediate measures taken or that are planned to be taken to address it, and any information provided by any contractor and/or supervising firm, as appropriate.</p> <p>Subsequently, at the Bank’s request, in addition to the initial notification, prepare a report on the incident/accident and propose specific time-bound actions and measures to prevent its recurrence.</p>	<p>Report any incident or accident to the Bank within 48 hours after becoming aware of the occurrence of the incident or accident.</p> <p>A report would be provided within 10 days of the initial notification to the Bank, as requested.</p> <p>File a closure report within 30 days or an agreed time frame, as per the Bank’s request.</p> <p>Notification/reporting requirements shall be in place throughout the Project implementation.</p>	<p>CDR PCU Kafalat SAL Green Plan</p>
C	<p>CONTRACTORS’ MONTHLY REPORTS</p> <p>Require contractors and supervising firms to provide monthly monitoring reports on ESHS performance in accordance with the metrics specified in the respective bidding</p>	<p>Prepared monthly by contractors submitted to the Bank upon request.</p>	<p>CDR PCU Green Plan</p>

MATERIAL MEASURES AND ACTIONS		TIMEFRAME	RESPONSIBLE ENTITY
	documents and contracts to the PCU, who will in turn submit them to the Bank upon request.		
ESS 1: ASSESSMENT AND MANAGEMENT OF ENVIRONMENTAL AND SOCIAL RISKS AND IMPACTS			
1.1	<p>ORGANIZATIONAL STRUCTURE</p> <p>Establish and maintain, throughout the Project implementation, an organizational structure, a Project Management Unit (PCU) including an environmental and social risks and impacts management function with qualified staff and resources to support management of environmental, social, health and safety (ESHS) risks and impacts of the Project with mandate, resources, and terms of reference satisfactory to the Bank.</p> <p>The PCU shall hire one Environmental Specialist and one Social Specialist, who will be responsible for the day-to-day implementation of the outcomes of the E&S studies and instruments. The Environmental and Social Specialists will assume overall responsibility for coordinating the management of the environmental and social aspects of the project interventions at the respective sites. The Social Specialist will ensure adequate functioning of the GM, and proper documentation and follow up and resolution of grievances across all implementing agencies, including with Kafalat and Green Plan. The Social Specialist will also ensure that all staff handling grievances across the implementing agencies have relevant capacity and awareness raising on the principles of the grievance mechanism including referrals, and incident reporting.</p> <p>Green Plan (GP) will hire one Environmental Specialist and one Social Specialist, who will be responsible for the day-to-day implementation of the E&S studies and instruments related to GP managed activities, including grievance mechanisms.</p> <p>Kafalat will hire one Environmental and Social Specialist who will be responsible for the day-to-day ESMS implementation, including grievance mechanism.</p>	<p>The organizational structure will be finalized before commencement of project activities. This structure shall be maintained throughout Project implementation</p> <p>One Environmental Specialist and one Social Specialist shall be hired before the start of project activities and shall be maintained throughout project implementation.</p> <p>One Environmental Specialist and one Social Specialist shall be hired before the start of project activities and shall be maintained throughout project implementation.</p> <p>The Kafalat E&S specialist shall be hired before the start of project activities and shall be maintained throughout project implementation</p>	<p>CDR PCU</p> <p>Green Plan</p> <p>Kafalat SAL</p>

MATERIAL MEASURES AND ACTIONS	TIMEFRAME	RESPONSIBLE ENTITY
<p>1.2 ENVIRONMENTAL AND SOCIAL INSTRUMENTS</p> <p>1. Update, disclose, consult upon, adopt, and implement the Environmental and Social Framework (ESMF), consistent with the requirements of the relevant ESSs and in a manner acceptable to the Bank.</p> <p>2. Prepare, disclose, adopt and implement the following site-specific instruments consistent with the relevant ESSs:</p> <ul style="list-style-type: none"> - Adopt and implement an Environmental and Social Management Plan (ESMP) or Environmental and Social Impact Assessment (ESIAs) for activities under component 2 and 3 as relevant. <p>Carry out an Environmental and Social Audit (ESA) of the facility to identify any gaps and necessary corrective actions for project activities to be conducted in existing facilities.</p>	<p>1. Update and adopt the ESMF which was cleared and disclosed on May 8, 2023. The ESMF will be implemented throughout project implementation</p> <p>2. Site specific ESMPs/ESIAs/ESA prepared and cleared before commencement of the related activities and implemented throughout the project implementation period.</p>	<p>CDR PCU Green Plan</p>
<p>1.3 MANAGEMENT OF CONTRACTORS</p> <p>Incorporate the relevant aspects of the ESCP, including, inter alia the relevant E&S instruments, the Labor Management Procedures, and the code of conduct, into the ESHS specifications of the procurement documents and contracts with contractors and supervising firms. Thereafter, ensure that the contractors and supervising firms comply and cause subcontractors to comply with the ESHS specifications of their respective contracts.</p>	<p>Prior to the Tendering /Contracting Phase and supervision during the Project implementation</p>	<p>CDR PCU Green Plan</p>
<p>1.4 TECHNICAL ASSISTANCE</p> <p>Ensure that the consultancies, studies (including feasibility studies, if applicable), capacity building, training, and any other technical assistance activities under the Project are carried out in accordance with terms of reference acceptable to the Bank, that are consistent with the ESSs. Thereafter, PCU shall ensure that the outputs of such activities comply with the terms of reference.</p>	<p>Throughout Project implementation.</p>	<p>CDR PCU Green Plan</p>
<p>1.5 CONTINGENT RESPONSE FINANCING</p> <p>a) Ensure that the Contingent Emergency Response Component Manual (CERCM) as specified in the legal agreement includes a description of the ESHS assessment and management for the implementation of component 5, in accordance with the ESSs.</p>	<p>a) The adoption of the CERC manual in form and substance acceptable to the Bank is a withdrawal condition under Section [XX] of Schedule 2 of the loan agreement for the Project.</p>	<p>CDR PCU</p>

MATERIAL MEASURES AND ACTIONS		TIMEFRAME	RESPONSIBLE ENTITY
	b) Adopt any environmental and social (E&S) instruments which may be required for activities under component 5 of the Project, in accordance with the CERC Manual and, if applicable, CERC-ESMF or CERC-ESMF Addendum and the ESSs, and thereafter implement the measures and actions required under said E&S instruments, within the timeframes specified in said E&S instruments.	b) Adopt any required E&S instrument and include it as part of the respective bidding process, if applicable, and in any case, before carrying out the relevant Project activities for which the E&S instrument is required. Implement the E&S instruments in accordance with their terms, throughout Project implementation.	
ESS 2: LABOR AND WORKING CONDITIONS			
2.1	LABOR MANAGEMENT PROCEDURES Adopt and implement the Labor Management Procedures (LMP) for the Project that have been developed for the Project as a standalone document, including, inter alia, provisions on working conditions, management of workers relationships, occupational health and safety (including personal protective equipment, and emergency preparedness and response), code of conduct (including relating to Sexual Exploitation and Abuse/SEA and Sexual Harassment/SH), forced labor, child labor, grievance arrangements for Project workers, and applicable requirements for contractors, subcontractors, and supervising firms.	Implement and update the LMP which has been cleared and disclosed prior to appraisal throughout Project implementation	CDR PCU Green Plan Kafalat SAL
2.2	GRIEVANCE MECHANISM FOR PROJECT WORKERS Establish, maintain, and operate a Grievance Mechanism (GM) for Project workers, and Contractor/Supervising firms as described in the LMP and consistent with ESS2.	The GM, as part of the LMP, shall be operational one month from the Effective Date, and be maintained throughout Project implementation.	CDR PCU Green Plan Kafalat SAL
ESS 3: RESOURCE EFFICIENCY AND POLLUTION PREVENTION AND MANAGEMENT			
3.1	PEST MANAGEMENT PLAN Prepare and adopt a Pest Management Plan (PMP), as part of the ESMF mentioned under action 1.2, to manage procurement and/or application of pesticides consistent with ESS3 requirements. The PCU shall ensure as per the ESMF that any high polluting activities are not supported under the project.	The PMP was prepared and disclosed on May 8, 2023 as part of the ESMF and Kafalat ESMS, and thereafter will be implemented throughout the project life.	CDR PCU Kafalat SAL Green Plan

MATERIAL MEASURES AND ACTIONS		TIMEFRAME	RESPONSIBLE ENTITY
	Contractors that undertake civil works shall be required to prepare and implement an ESMP which will include pest management measures to be eligible for funding under the Project.	Prior to the start of activities and implemented throughout project implementation.	
3.2	RESOURCE EFFICIENCY AND POLLUTION PREVENTION AND MANAGEMENT As per the ESMF, incorporate requirements on resource conservation and pollution prevention and management, which will be defined at the sub-project level under the ESIA/ESMP/ESA to be prepared under action 1.2 above.	Before the commencement of activities, ESIA/ESMPs/ESA need to be prepared including resource efficiency and pollution prevention and management requirements per the cleared and disclosed ESMF. Those requirements shall be implemented, maintained, and managed throughout Project implementation.	CDR PCU Green Plan
ESS 4: COMMUNITY HEALTH AND SAFETY			
4.1	TRAFFIC AND ROAD SAFETY Incorporate measures to manage traffic and road safety risks as required in the ESMP/ESIA/ESA to be prepared under action 1.2 above.	As part of the ESMF Shall be maintained and managed throughout Project implementation.	CDR PCU Green Plan
4.2	COMMUNITY HEALTH AND SAFETY Prepare, adopt, and implement measures and actions to assess and manage specific risks and impacts to the community arising from Project activities under Action 1.2, including, inter alia, the potential for community exposure to communicable diseases, impacts on provisioning ecosystem services, noxious emissions from waste, fire risks, response to emergency situations, and include these measures in the ESIA/ESMP in a manner acceptable to the Bank.	As part of the ESMF Shall be maintained and managed throughout the project implementation	CDR PCU Green Plan
4.3	SEA AND SH RISKS Prepare, adopt, and implement a Sexual Exploitation and Abuse/Sexual Harassment (SEA/SH) Prevention and Response Plan to assess and manage the risks of SEA/SH associated with the Project.	Prepare the SEA/SH Action Plan before the commencement of relevant project activities. Include the SEA/SH Prevention and Response Plan as part of the ESIA/ESMPs/ESAs to be prepared under action 1.2 above.	CDR PCU Green Plan

MATERIAL MEASURES AND ACTIONS		TIMEFRAME	RESPONSIBLE ENTITY
		The SEA/SH Prevention and Response Plan is to be implemented throughout the Project implementation	
4.4	<p>Emergency Response Measures</p> <p>Develop and implement measures to address emergency events. Measures will be defined in the ESIA/ESMP/ESAs and disseminated as part of the SEP.</p>	Part of the LMP and ESIA/ESMP/ESAs	CDR PCU Green Plan
ESS 5: LAND ACQUISITION, RESTRICTIONS ON LAND USE AND INVOLUNTARY			
5.1	<p>RESETTLEMENT POLICY FRAMEWORK</p> <p>Prepare, clear, adopt, and implement a Resettlement Framework (RF) as applicable and in accordance with ESS5.</p>	The RF was prepared and disclosed on 25 April 2023. The RF will be implemented throughout project implementation.	CDR PCU Green Plan
5.2	<p>RESETTLEMENT PLANS</p> <p>As needed, prepare, adopt and implement the respective Resettlement Action Plan (RAP) following the RF and consistent with ESS5.</p>	As required, adopt and implement the respective RAPs prior to taking possession of the land and related assets, full compensation has been provided and [as applicable] displaced people have been resettled, and moving allowances have been provided.	CDR PCU Green Plan
5.3	<p>GRIEVANCE MECHANISM</p> <p>The grievance mechanism (GM) shall address resettlement and land use restrictions (if applicable) related complaints, which is described in the SEP.</p>	Prior to commencing Project activities and during the implementation of the Project.	CDR PCU Green Plan
ESS 6: BIODIVERSITY CONSERVATION AND SUSTAINABLE MANAGEMENT OF LIVING NATURAL RESOURCES			
6.1	<p>BIODIVERSITY RISKS AND IMPACTS</p> <p>Activities that would have risks natural habitats, ecosystem services and Greenfields will be managed according to the requirements of the ESMF and site-specific instruments as indicated under action 1.2.</p>	Management measures for the protection of natural habitats are included in the cleared and disclosed ESMF. Those requirements shall be implemented, maintained, and managed throughout Project implementation.	CDR PCU Green Plan
ESS 9: FINANCIAL INTERMEDIARIES			

MATERIAL MEASURES AND ACTIONS		TIMEFRAME	RESPONSIBLE ENTITY
9.1	<p>ENVIRONMENTAL AND SOCIAL MANAGEMENT SYSTEM (ESMS)</p> <p>Maintain, and implement, and update as appropriate, the ESMS to identify, assess, manage, and monitor the environmental and social risks and impacts of SMEs subprojects that receive loans from the project in the agri-food and Agri-tourism sector pursuant to the requirements of ESF as per ESS9. This shall include ensuring that there is adequate capacity to maintain it through the appointment of the E&S specialists.</p> <p>KAFALAT SAL shall assign both a senior management representative to have overall accountability for environmental and social performance and recruit an Environmental and Social Specialist to manage the day-to-day implementation of ESMS. The Terms of Reference of the E&S specialist, including required technical skills and experience, shall be included in the ESMS and Project Operations Manual (POM).</p> <p>KAFALAT SAL shall ensure that the project’s exclusion list, , is adhered to in accordance with the Loan Agreement.</p> <p>During the implementation stage of this project SMEs receiving loans shall be screened against the project’s exclusion list of the ESMS, categorized and assessed for their E&S risks and impacts and compliance with applicable national E&S laws and regulations prior to receiving any financing under the project.</p>	<p>Update the ESMS which was disclosed on 26 April 2023. . Maintain and implement the ESMS throughout project implementation.</p>	<p>Kafalat SAL</p>
9.2	<p>EXCLUSIONS</p> <p>Screen all proposed activities and SMEs subprojects in the agri-food and agri-tourism sectors against the exclusion list set out in the ESMS.</p>	<p>Screen SME subprojects in the agri-food and agri-tourism sectors before determining whether they are eligible to receive support from the Project.</p>	<p>Kafalat SAL</p>
9.3	<p>FI ORGANIZATIONAL CAPACITY</p> <p>Establish an organizational capacity and competency for implementing the updated ESMS with clearly defined roles and responsibilities as per the requirements of ESS9. Present an organizational structure to the Bank that identifies the specific positions and resources for E&S management.</p>	<p>This will be a disbursement condition for Categories 3 and 4 under the Loan Agreement and will be maintained throughout Project implementation.</p>	<p>Kafalat SAL</p>
9.4	<p>SENIOR MANAGEMENT REPRESENTATIVE</p> <p>Designate a senior management representative to have overall accountability for the environmental and social performance of subprojects that receive support from the Project.</p>	<p>The senior management representative shall be designated, and this will be set as a disbursement condition for Categories 3 and 4 under the Loan Agreement.</p>	<p>Kafalat SAL</p>
<p>ESS 10: STAKEHOLDER ENGAGEMENT AND INFORMATION DISCLOSURE</p>			

MATERIAL MEASURES AND ACTIONS		TIMEFRAME	RESPONSIBLE ENTITY
10.1	<p>STAKEHOLDER ENGAGEMENT PLAN PREPARATION AND IMPLEMENTATION</p> <p>Adopt and implement a Stakeholder Engagement Plan (SEP) for the Project, consistent with ESS10, which shall include measures to, inter alia, provide stakeholders with timely, relevant, understandable and accessible information, and consult with them in a culturally appropriate manner, which is free of manipulation, interference, coercion, discrimination and intimidation. The PCU shall ensure that the SEP is amended and updated as required during the Project implementation following inclusive stakeholder consultations.</p>	<p>The SEP was disclosed on 29 April 2023, and will be updated as needed throughout project implementation. The SEP will be implemented throughout the Project.</p>	<p>CDR PCU Green Plan Kafalat SAL</p>
10.2	<p>PROJECT GRIEVANCE MECHANISM</p> <p>Publicize, maintain, and operate an accessible grievance mechanism (GM), to receive and facilitate resolution of concerns and grievances in relation to the Project, promptly and effectively, in a transparent manner that is culturally appropriate and readily accessible to all Project-affected parties, at no cost and without retribution, including concerns and grievances filed anonymously, in a manner consistent with ESS10.</p> <p>The grievance mechanism shall be equipped to receive, register, and facilitate the resolution of SEA/SH complaints, including through the referral of survivors to relevant gender-based violence service providers, all in a safe, confidential, and survivor-centered manner.</p>	<p>A GM shall be established and operationalized no later than one month from the Effective Date and shall be maintained throughout the Project implementation period as described in the SEP.</p>	<p>CDR PCU Green Plan Kafalat SAL</p>
CAPACITY SUPPORT			
CS1	<p>Training and information dissemination to the public and community groups as well as local authorities, and others as identified in the SEP on the following as relevant to them:</p> <ul style="list-style-type: none"> Stakeholder mapping and engagement specific aspects of environmental and social assessment including GBV SEA/SH risks, impacts and mitigation measures that require feedback from the public and local authorities and for their own awareness so that community health and safety can be improved Emergency preparedness and response Grievance mechanism Training on occupational health and safety including on emergency prevention and preparedness and response arrangements to emergency situations. Emergency preparedness and response and OHS measures as per the national health requirements 	<p>To be implemented during the first year of project implementation and as needed thereafter throughout the course of the project life cycle.</p>	<p>CDR PCU E&S specialists</p>
CS2	<p>Training shall be conducted for project workers and contractors, while maintaining training records on the following:</p> <ul style="list-style-type: none"> Occupational health and safety including emergency prevention and preparedness and response arrangements to emergency situations. 	<p>Prior to commencing work and throughout project implementation.</p>	<p>CDR PCU Green Plan Kafalat SAL</p>

MATERIAL MEASURES AND ACTIONS	TIMEFRAME	RESPONSIBLE ENTITY
<ul style="list-style-type: none"> • Training on implementation of environmental and social due diligence documents (e.g., OHS, environmental and social assessments, community health and safety, stakeholder engagement, grievance, codes of conduct, etc.) to all staff working with contractors and sub-contractors that are responsible for project’s environment and social issues • ESIA/ESMP implementation • LMP • GBV AND SEA/SH • Grievance mechanism
